SOURCE & EDITORIAL NOTES

- All 43 questions and A-D choices come from the uploaded SSC CHSL 2019-2025 vocabulary compilation (source Q2013-Q2055). This section contains papers from 2021, 2023, 2024 and 2025.
- Exact dates are shown only where the compilation specifies them. Most older questions give the exam year, tier and shift instead.
- Questions test homophones, homonyms, correctly used sentences, and options that are NOT meanings. Their original formats are retained.
- Two awkward source phrases, "sealing officer" and "diffuse into a conflict", are retained and marked in the explanations. Source answer keys are not official-key verified.
